to extract question information

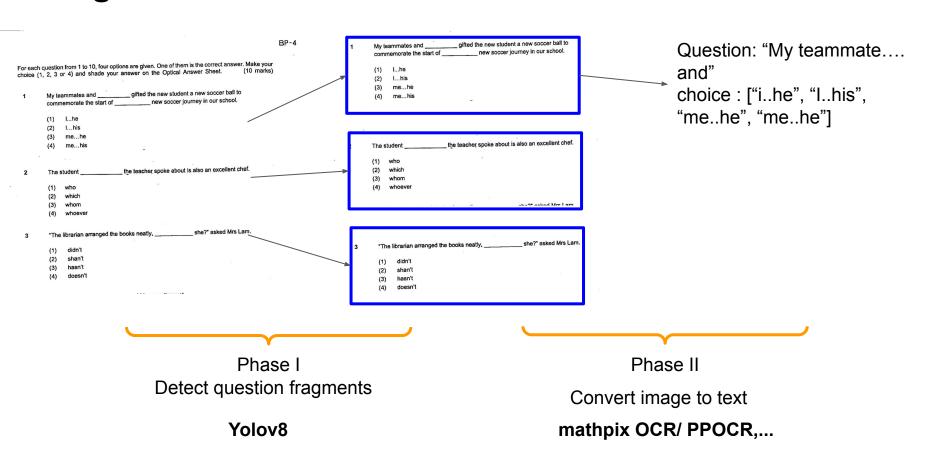

19-4-2023

Targets

Question: "My teammate.... and" choice : ["i..he", "I..his", "me..he", "me..he"]

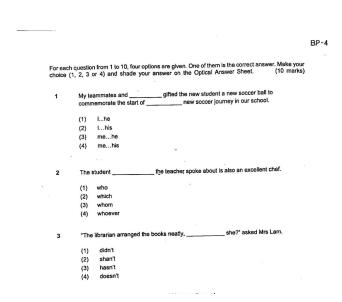

Targets

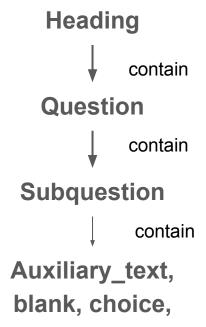

Label Convention for Labeling Dataset

I assume that a exam paper constructed by 8 main elements:

- Heading
- Question
- Auxiliary text
- Subquestion
- Blank field
- Choice
- Image
- Table

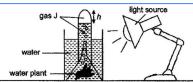

image, table

Label Convention

- 1. Question
- 2. Auxiliary text
- 3. Subquestion
- 4. Blank field

Xiao Nan conducted an experiment to find out which coloured light allows the highest rate of photosynthesis to take place. He prepared three similar set-ups as shown. Each set-up was placed under different coloured lights.

Xiao Nan measured the height, h, of the air space before and after the experimen for each set-up and recorded the results in the table below. During the experiment, Xiao Nan noticed that the water plant was producing gas J.

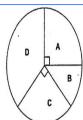

Colour of light	h (cm) before experiment	h (cm) after experiment
Red	3.0	3.5
Blue	3.0	4.0
Green	3.0	3.1

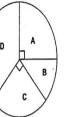

(a) identify gas J. (1m)

(b) What conclusion could Xiao Nan make based on the results of his experiment?

(c) Xiao Nan conducted his experiment in a dark room. Explain how this had helped to ensure a fair test. (1m)

The pie chart shows the number of four types of buns sold by a shop in a day.

Which of the following tables below best represents the information in the pie chart?

-	Types of buns	Number of buns sold
Ť	Α	60
ľ	В	90
Ì	С	90
r	n	120

Types of buns	Number of buns sold
A	90
В	120
C	90
D	60

Types of buns	Number of buns sold
A	80
В	40
С	80
D	70

Types of buns	Number of buns sold
A	80
В	40 .
С	80 .
D	120

Half of a symmetric figure is shown above. AB is the line of symmetry. Which of the following completes the symmetric figure?

Questions 1 to 10 carry 1 mark each. Questions 11 to 15 carry 2 marks each. For each question, four options are given. One of them is the correct answer. Make your choice. (1, 2, 3 or 4). Shade the correct oval (1, 2, 3, or 4) on the Optical Answer Sheet. (20 marks)

What is the value of 4 hundreds, 9 tenths and 7 hundredths?

(1)	409.7
(2)	409.07
(3)	400.907
(4)	400.97

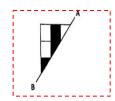

Which of the following tables below best represents the information in the pie chart?

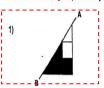

Types of buns	Number of buns sold
A	90
В	120
С	90
D	60

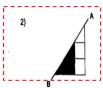

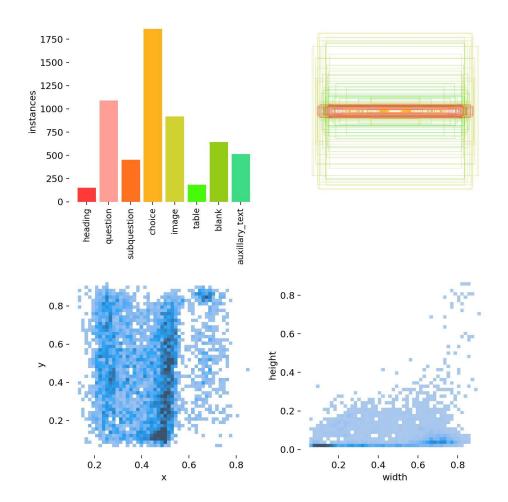

Half of a symmetric figure is shown above. AB is the line of symmetry. Which of the following completes the symmetric figure?

Labeling data

- I used PPOCRLabelv2 tool,
- 1000 image(pdf page)
- 800 image for training
- 86 image for validation
- 86 image for testing

Section Detection/Segmentation

- I trained Yolov8m (medium size) on 800 image(pdf page) manually labeled.
- code
- Consumption:
 - 5 hours on CPU
 - 15G Ram (for input 600 x 800)
